

PRODUCT DATA SHEET

HYDRA-SURGE SERUM Day Wear

MOISTURISING & FIRMING

Hydra-Surge Serum Day-Wear	Hydra-Surge Serum instantly replenishes moisture to the skin by enhancing the regeneration of the epidermal barrier. Ceramides and Milk Liposomes are included to assist in firming and smoothing facial lines and features. The skin's ageing process is slowed down and the skin will feel moist, firmed and nourished.
Ceramides	<p>Ceramides are natural fat lipids found in the skin's vulnerable outer layer and are a major component of the skin structure that allows it to retain moisture. When ceramide levels are low, the skin has difficulty in retaining moisture and it becomes dry and sensitive. Ceramides are considered to be the <i>glue</i> that holds surface cells together and the skin's moisture retaining capacity is strengthened.</p> <p>The main benefits include : -</p> <ul style="list-style-type: none"> • Skin's structure is intensely supported • Collagen and elastin pathways are maintained • Lines and wrinkles are refined • Skin's moisture barrier and intercellular layers are strengthened • Redefines and plumps the skin
Fragrance	Typical of the NaturCare Range. Soft floral with light citrus undertone
Main Ingredients	Ceramides, Milk Lipids, Aloe Ferox Gel, Vitamin E, Allantoin, Shea Butter, Witch Hazel, Evening Primrose Oil and Pro Vitamin B5.
Appearance	A soft white cream. Spreads easily and is fully absorbed. The skin will immediately feel hydrated, moist and plump.
Directions for use	Apply daily and massage gently into the facial and neck area.
Packaging	75ml White Tube with clear flip-top lid. Remove tamper-proof seal.
Safety, Storage & First Aid	It is safe to use on most skin types. In the unlikely event of rashes or skin reactions occurring, stop using. Do not store in direct sunlight and keep out of reach of small children.

Notes: As our skin matures, it can become up to 30% thinner, making it extremely vulnerable and susceptible to damage. This process cannot be reversed, but studies show that by regularly moisturising with a ceramide rich cream, the condition and appearance of the skin can be dramatically improved. Many skin disorders and sensitive skins problems are due to a decrease in the total ceramide content. Formulations containing ceramides and lipids are known to improve disturbed skin conditions.

NATURCARE Hydra-Surge Serum has been enriched with Aloe Ferox Gel, Shea Butter and other ingredients that will fully moisturise, effectively nourish and repair damaged skin. It has a medium Sun Protection Factor. For extended sun exposure, apply a suitable NaturCare Sun Protection Product.
