

Aloe Health Juice & Immune Booster

The Aloe Plant has been acclaimed by generations for its remarkable healing, medicinal and nutritional properties. The Aloe Ferox is a storehouse of nutrients and is rich in Vitamins, Proteins and natural soluble dietary fibre. It also contains high levels of natural essential metabolic minerals, including Magnesium, Calcium and Potassium. Trace elements include Copper, Iron, Zinc, Titanium, Boron, and Selenium. NaturCare Aloe Health Juice has a myriad of health benefits and is a safe natural remedy to boost energy and the immune system. It is a Health Supplement and is not a substitute for medical treatments.

Benefits	
Aids digestive system	Rich in Enzymes, which help to digest fats, break down starches and sugars. Prevents Colic, aids in the assimilation of food. Reduces Gastric Juices – especially important in the case of Ulcers, Heartburn, Indigestion and Colic. Can relieve inflammation of the Digestive Tract. Aloin in the juice helps to move waste through the intestinal tract and inhibits the presence of stomach parasite and the Colon is cleansed.
Increases Immunity	Its ability to kill certain bacteria is due to the natural Antibiotics, Anti-oxidants, Anti-bacterial, Antiseptic and Anti-fungal properties present in the Aloe. It stimulates the production of Lymphocytes which boost the immune system. Shown to have an inhibitory effect against cancer cells.
Anti-inflammatory	Its anti-arthritis activity makes it a major benefit for the body. There have been more testimonials for the relief from Arthritis and Rheumatism than any other condition. Joints are softened and in many cases there has been a regression of pain.
Improves Skin & Hair	Regenerates and Repairs. Skin respiration is increased and the Collagen Layer is revitalized. Blood vessel tone is improved, resulting in improved complexion. Cells are renewed and strengthened.
Controls Bodily Fluids	Balanced Electrolytes control bodily fluids. If these are not balanced, it results in fatigue, muscle cramp, bad circulation and retention of water. It is a natural Detoxifier and Diuretic, drawing toxins from the body and cleansing the blood.
Healing Properties	The recovery process has shown to hasten and there has been relief from a broad spectrum of health problems. There have been reports of Blood Pressure being lowered and the need for less insulin in the case of Diabetics. Improved circulation gives relief from Gout.
Energy & Vitality	The Aloe has a very high Carbohydrate content which is converted into Energy. A storehouse of Nutrients which all contribute to optimum levels of health, boosting energy and vitality
